These goals were met through the following:

Research

- Continue literature review for quals paper.

Teaching

- Submitted course proposal for I400 Topics in Informatics – Introduction to Computer-Mediated Communication (3 cr.) to be developed Spring 2005 and offered Fall 2005.
- Met with Sara Hook, October 23, 2004 to discuss Future Faculty Fellowship planning. Due to changes in the department’s goals and my timeline for quals completion we decided to delay the Fellowship until academic year 2005-2006, this has been approved. At that time I will be teaching in Indianapolis at IUPUI. For Spring 2005 I will be assisting with the instruction of I101, in Indianapolis, and developing classes for the following year, with other duties as assigned. The exact mechanism for Spring 2005 – employment or class credit has not been resolved at this time.
