

July 2005 Advisory Committee Update

Lois Ann Scheidt
Doctoral Student
School of Library and Information Science
Indiana University

Introduction

For July I planned to:

- Complete research and writing of syllabi for fall semester classes at IUPUI.
- Continue my focus on researching and writing my qualifying paper.
- Assist with BROG research in development of coding tools for collaborators use.
- Assist with podcast research by completing relevant literature review areas that are drawn from my quals research.
- Participate in the AoIR Graduate Student Representative elections with voting taking place July 1 – 30, 2005.
- Teach two units (1.5 hours each) on weblogs for the Monroe County Public Library. Teen unit will take place July 6, 2005 and Adult unit will be July 19, 2005.
- Attend the Future Faculty Teaching Fellowship Workshop, July 15-17, 2005.
- Attend IUB HSC monthly meeting, July 21, 2005.

My goals were substantively met through the following with two exceptions in that work on both syllabi was held until I completed the *Course Development Institute* (CDI) (July 22-29) and because of a conflict I was unable to attend the IUB HSC meeting this month.
